FLORENCE-FIRESTONE COMMUNITY STANDARDS DISTRICT BOARD MOTION OF JUNE 22, 2004, SYNOPSIS 11

During your meeting on June 22, 2004, your Board instructed the Director of Public Works to report back on issues of limited parking in the area where resident owners do not have parking access, with a possibility to require a parking permit, if an amicable solution is not reached between the residents and business owners.

We are currently working with the affected residents and business owners to find an amicable solution to their parking concerns. We anticipate this process to be completed within 90 days, after which time we will inform the Board of our findings and recommendations.

If you have any questions, please call me or your staff may contact Bill Winter of our Traffic and Lighting Division at (626) 300-4700.
